Asianization of a World in Transition
24-27 February 2021
Singapore, Changi Cove

Objectives:

- Broaden the horizon to understand the Asianization of a World in Transition, incl. geopolitical and strategic trends like Supply Chains in an Era of Deglobalization and the further integration of ASEAN
- Prepare to face the challenges and grasp the opportunities of The Future With Artificial Intelligence and Leading Asia's Digital Disruption
- Get on-the-ground impressions about how Singapore is punching above its weight by going behind the scenes of Singapore's cutting edge research ecosystem and visiting the facilities of PSA, the world's largest transshipment hub
- Develop better "Leaders of the Next Generation" by providing them with the opportunity to learn from the leadership experience of c-suite leaders from multinational companies and to exchange views and opinions with their global peers from across industries and beyond business
