- VISION: stars develops better leaders of the next generation and wants to be the premier platform for these future leaders
- stars brings together renowned global experts and business leaders with **talents who are typically 1-2 levels below C-level, nominated by their top management and have the potential to move up to C-level in the next few years**. The participants come from all over the world and from different sectors, mainly from business but also from science, politics, culture, NGOs and the media.
- stars organizes **three annual symposia**: stars **Singapore** symposium: 21-24 June 2023, stars **Switzerland** symposium, Schaffhausen and Stein am Rhein: 23-26 September 2023 and stars **China** symposium, Shenzhen: 22-25 October 2023
- During the highly interactive events, participants team up to **scan the horizon** and explore trends and challenges that will inevitably impact society and business in the next few years.

China Macro Group (CMG) is a European boutique consultancy with specialization in **applied China research and analysis**, providing services to European **MNCs, SMEs, the public sector and investors** on China's **policy, market and China-related international affairs**.

CMG recognizes the **distinct nature of China's political system** and the **"socialist market economy"** as well as the important role that policymaking plays in China's pursuit of continued socio-economic development towards its stated goal of becoming a modern, technologically advanced, and prosperous country by mid-century.

CMG helps its clients understand and navigate these fast-paced developments by providing **tailored research and analyses** of the ensuing challenges and opportunities. At the heart of CMG's value-added lies a **strong problem-solving capability** that translates analyses into co-created and actionable strategies, ranging from general business strategies to specific government affairs engagements.
