

AT A GLANCE

VISION: stars develops better leaders of the next generation and wants to be the premier platform for these future leaders

stars
FOR LEADERS OF THE
NEXT GENERATION

DISTINCTIVE FEATURES

- stars brings together renowned global experts and business leaders with **talents who are typically 1-2 levels below C-level, nominated by their top management** and **have the potential to move up to C-level in the next few years**. The participants come from all over the world and from different sectors, mainly from business but also from science, politics, culture, NGOs and the media.
- stars organizes **three annual symposia** in **Switzerland, Singapore** and **China**. **For a complete overview of upcoming symposia click [here](#).**
- During the highly interactive events, participants team up to **scan the horizon** and explore trends and challenges that will inevitably impact society and business in the next few years.
- **stars Webinars** provide food for thought from top business leaders and experts about future-oriented topics such as leadership, geopolitics, technology, sustainability, climate change and health. stars Webinars are open to the public.
- stars regularly publishes **stars Insights**, which are exclusive contributions by business leaders and experts who scan the horizon to discuss geopolitical, economic, technological and further trends and developments which will impact society and business in the next few years.
- Globally leading companies and institutions are our **partners: Hilti, Holcim, PSA, PwC, Roche, Sika, Temasek, UBS** and **Vontobel Foundation**.
- A **study of the University of St. Gallen** found that **stars is unique worldwide regarding the target group, i.e. participants of 1-2 levels below C-level, and strategic focus, i.e. horizon scanning**.
