The RepRisk Platform

Fast and in-depth due diligence and risk research on companies, infrastructure projects, sectors, and countries.

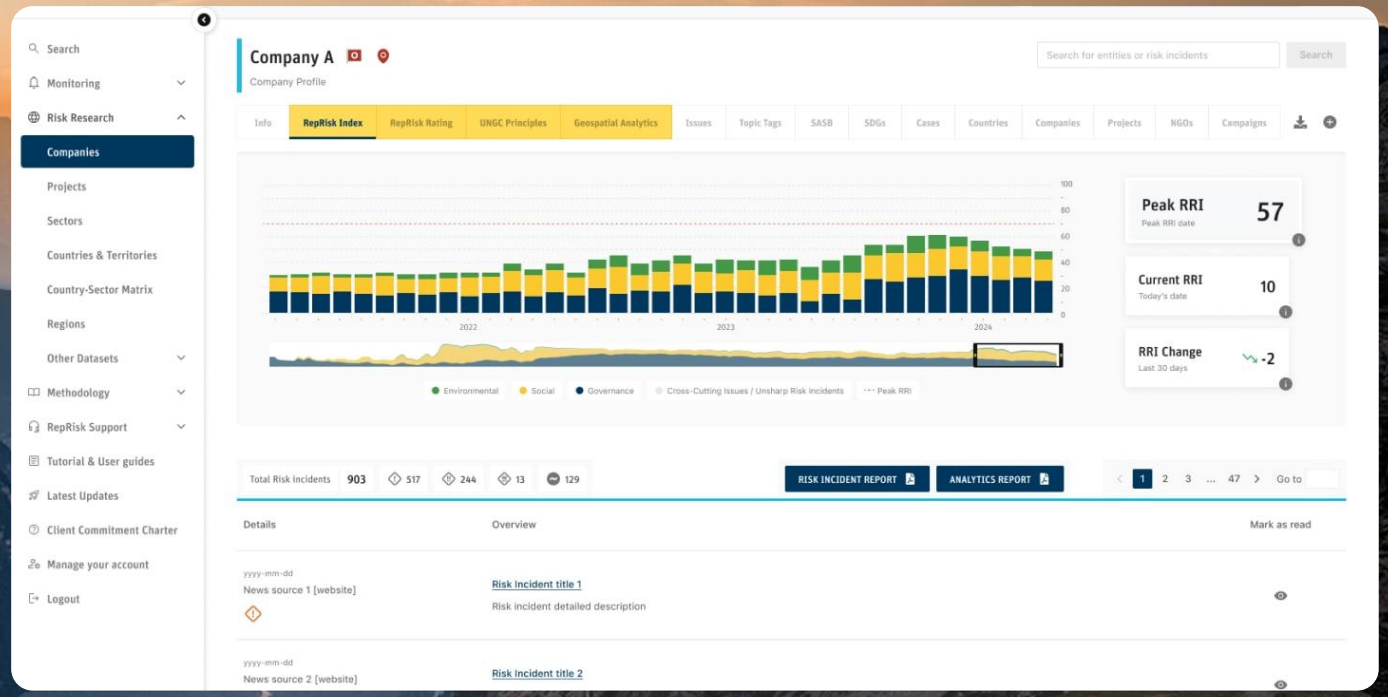

Key features

Issues & topic tags
Identify risks across 108 risk factors

Country-sector matrix
Analyze risks within sectors (e.g., forestry in Australia, or oil & gas in Myanmar)

Watchlists
Monitor large portfolios with custom alerts

Alert service
Get real-time email notifications on new risk exposure

Frameworks for analysis

- **SASB materiality map:** Industry-specific ESG risk insights
- **SDGs risk lens:** Align analysis with Sustainable Development Goals
- **UNGC violator index:** Spot potential violations of UNGC Principles
